

GETTING STARTED

Dear AAASP Athletes, Families and Coaches,

YOURS is the voice that created it all...introducing AAASP's #WhyWeRoll video project!

We literally exist because YOU shared your stories of how it felt to be (or watch someone you care about be) sidelined, left out, underestimated and the difference it made to finally have the opportunity to be empowered, triumphant, independent and part of a team. Your stories can be incredibly powerful. They move others to act, to start programs, to expand opportunity, to give of their time, money or resources. YOU are the proof that what we've created together MATTERS - so much so that some have called it, "life-changing."

On the occasion of our 20th Anniversary, we felt like it was time to hear from you again, so that we could share with other families, schools and sponsors just how far we've come – together – and how they can achieve incredible success too!

AAASP proudly announces the #WhyWeRoll Video Project and Giveaway to showcase YOUR videos on what it means to be an AAASP athlete and participate in sports. The video project is open to all AAASP athletes, coaches, teachers, siblings and families! Each phase, you can submit up to three videos (one per month)! A drawing will be held from all of the submissions each quarter to receive a Walmart Giftcard! Best of all, we've also made it easy and fun to tell us your story!

- **Make a video talking about #WhyWeRoll or #AdaptedSportsMatter of up to 1 minute in length***
(if you can't come up with a topic—don't worry—we have IDEA starters for you!)
- **Load the video up on your own YouTube or Vimeo account (it's FREE to open an account –go to [youtube.com](https://www.youtube.com) or [vimeo.com](https://www.vimeo.com)) and save the link!**

IT IS THAT SIMPLE!

WHY WE ROLL IDEA STARTERS

Adaptedsports.org | @adaptedsports | Connect with Adapted Sports

[Here is a list of idea starters for your video submissions:](#)

- This was my first opportunity to play sports and I found that...
- Or
- I had some experience playing sports before, but this experience is different because...
 - What I didn't know about playing sports, that I know now is...
 - What I like most about being on a team is...
 - Now that I am a student athlete, my school experience has changed...(in what way?).
 - My favorite sport moment so far...
 - The player I admire most on my team, is.... (and why he/she is a role model)....
 - Now that I play sports I notice...
 - The motto of AAASP is "Off the Sidelines, Into the Game." To me that means...
 - I use the lessons I've learned in sport off the court... (where and in what ways?)
 - I believe this opportunity would be made available to everyone if people just knew...
 - or.... come up with your own way of sharing why YOU roll!
