WHEELCHAIR BASKETBALL COACHING CLINIC FOR AAASP COACHES | 09/19/2025 | 9am-4pm

UNIVERSITY OF MISSOURI WHEELCHAIR BASKETBALL HEAD COACH RON LYKINS

brings an unparalleled level of experience to the court.

In addition to his role at University of Missouri, Coach Lykins was just appointed to the 2025 Men's USA Wheelchair Basketball National Team Staff, and is the ONLY coach to have led both the U.S. Men's and Women's teams to **Paralympic gold medals.** His leadership and insight are unmatched. Coach Lykins is known not only for his tactical expertise, but also for his inclusive, athlete-centered coaching philosophy. We are excited to have him back with us in September.

The clinic will focus on the following:

- In-depth sessions on wheelchair basketball rules, drills, and team strategy
- Inclusive coaching techniques for working with athletes of all ability levels
- Hands-on demonstrations and scrimmage observation
- Q&A with Coach Lykins and networking with other coaches
- Tools to build or enhance your own wheelchair basketball program

This clinic is designed to empower coaches with the knowledge, confidence, and practical skills to lead adapted teams effectively — whether at the community, school, or elite level.

Who should attend? New and experienced coaches with AAASP teams.
