AAASP & GHSA ARE PROUD TO OFFER ADAPTED TRACK & FIELD

Ethan Levine @ethanlevine_photography.

American Association of AdaptED Sports Programs (AAASP), in partnership with the Georgia High School Association (GHSA), is excited to announce adapted track and field.

- All high school students with a permanent physical disability may be eligible to compete on their high school's track and field team.
- Students who participate must meet all GHSA eligibility requirements.
- Students will be members of the school's track team and will compete at all the school's meets. Athletes compete in their school's team uniform. The top eight boys and girls in each event over the entire track season will advance to compete at the AAASP/GHSA Adapted Track & Field State Championships.

All times and distances are to be reported to resultsga@adaptedsports.org and must include the athlete's name, school, grade, results, location and date of meet.

THERE ARE TWO DIVISIONS FOR COMPETITION:

Ambulatory Division –

Students have the opportunity to compete in the 100m, 200m, 400m, shot put and discus.

Wheelchair Division –

Students have the opportunity to compete in the 100m, 200m, 400m, shot put and discus.

TRACK & FIELD SEASON

January – Practices start

February – Meets begin

May – AAASP/GHSA Adapted Track & Field State Championships

COACHES TRAINING

Coaches must complete a required training course conducted by AAASP.
